

**//// TERRACO®**

# Handycoat®

**Ready Mixed Levellers & Fillers**

*The House of Scandinavian Finishing Materials*

# Handycoat<sup>®</sup>

**Ready mixed surface preparation products used by professional plasterers and painters!**

## **Introduction**

Established in 1980, Terraco is today a leading manufacturer of levellers, fillers, skimming and jointing compounds. With its Swedish heritage, Terraco Handycoat is now available in over 75 countries supplied by 18 strategically located factories.

The versatile products in the Handycoat range are specially designed to best suit their different end purpose as well as also taking into consideration the varying degree of skill ranging from the professional plasterer to the DIY enthusiast.

Whether you need to skim an old wall papered surface, joint gypsum boards, patch cracks and blemishes in concrete, or simply skim rendered walls in a quick and economical way, Terraco Handycoat is the solution for you.

# Benefits of Handycoat®

## Handycoat is quicker to apply and cost effective

General purpose Handycoat grades as well as tailored products cater for each specific area of use. Handycoat is easy to smooth and sand without scratching and dusting. Handycoat products provide optimum open time for application. Handycoat products are developed to provide the best possible performance profile to meet every need.

## Handycoat EcoLife branded products are VOC free products!

Although our regular grades operate well within all regulatory requirements, the Terraco EcoLife range has been developed to ensure we can offer products free from Volatile Organic Compounds (VOCs), formaldehyde and other potentially harmful emissions.

The EcoLife range of products surpasses the most stringent international and national regulations pertaining to interior decoration products. EcoLife products have a Volatile Organic Compound (VOC) level of less than 5g/l. **No equivalent products currently on the market have a lower VOC level.**

# Skimming

Easy to apply to old and new walls and ceilings. No mixing. No wastage. No mess.

Handycoat Interior **ECO<sup>LIFE</sup>**  
Handycoat Interior Lite

Handycoat EZ-Skim
